

New Energy Tech Consumer Code Council

This is a summary of the NETCC Council meeting held on **19 August 2021**.

Communiqués of each meeting are produced so that stakeholders can understand the work of the Council and its implementation of the Code.

Agreement between NETCC Council and the Clean Energy Council (CEC)

Council is to discuss impending advice about its legal status in the context of a formal agreement/Memorandum of Understanding with the CEC in relation to the CEC role as Code Administrator.

NETCC Branding

Representatives from marketing/branding agency Ellis Jones gave a presentation regarding proposed NETCC branding. This included background and direction of the NETCC brand from both a consumer and retailer perspective.

Consultation on fee principles

An online survey containing the fee consultation questions has been prepared. The survey will be available for four weeks and closes 16 September 2021. It will be circulated as widely as possible to relevant stakeholders.

Council will discuss the results of the survey at its next meeting.

Transition progress update

Council discussed the transition to the New Energy Tech Consumer Code, and will continue to monitor progress at each meeting.

Consumer Data Right

The application of the Consumer Data Right in relation to the NETCC was discussed. Council noted that this may be partly covered by the privacy section of the NETCC, and agreed that it would be considered in implementing compliance with the NETCC.

Next Meeting: 30 September 2021
